Provincetown, April 8, 2011.....Helping Our Women is pleased to announce the establishment of the Kathryn V. Baker Endowment. This endowment was established as a bequest from the late Kay Baker, long time Truro resident and businesswoman. Kay owned and operated Sea Song Cottages on Beach Point until her death in 2008. Kay served on the Helping Our Women Board of Directors and was an influence in the growth of the organization in the mid to late 1990s.

We are honored by this ongoing association with Kay and thankful for HOW to be included in her legacy of good works on the outer Cape.

Helping Our Women is a 501(c)3 non-profit organization serving women living with serious illnesses on the outer Cape and providing advocacy and referrals to the community at large. For information about HOW's services please call 508-487-4357. HOW Board members and staff are available to meet with supporters who are thinking about including HOW in their estate planning.
